Lesson Cancellation Policy

NOTE: We will NOT be calling participants or volunteers to inform them of cancelled lessons.

- ❖ Cancellations may be initiated by BEAMING Inc. due to bad weather or unpredictable circumstances. Classes will not be held if temperatures are too high or low, there are extremely strong winds, or there are severe weather warnings. The safety of our participants and horses is our top priority.
- ❖ If lessons are cancelled we will post the information on Facebook at facebook.com/beaminginc. Please like our Facebook page so you will see notifications of cancelled classes.
- ❖ If you know in advance that you will be missing a lesson for any planned event, please notify BEAMING in writing, including the date and time you will be absent and give it to the instructor or Center Director. We need this information to assure that we have the correct number of volunteers scheduled.
- ❖ If you are ill on the day of lessons, please call: **(920) 851-6160**. Again, we need this information to assure that we have the correct number of volunteers scheduled.

Refunds will not be given for no-shows, vacations etc. The cost to provide lessons remains whether or not you attend. Riders are not allowed to switch their lesson times with other riders. We have organized the program, horses and groups for each individual rider taking into account individual goals and skills.
