

A horse experience program for **VETERANS**

HORSES, HEARTS & HEROES Join us at the barn for camaraderie & horses!

BEAMING Inc. is honored to provide local veterans with no-cost private equine sessions. Our goal is to provide safe and enjoyable experiences, whether it be grooming, walking or riding horses, groundwork or other fun activities at the barn.

Equine-assisted services help reduce anxiety, improve strength, balance, motor skills and cognitive awareness, help with anger management, exercise memory and sequencing abilities and are a great way to meet and bond with fellow service members.
